

#### **Biophilic Design**

BioMontage addresses the human need to be in touch with the natural world by incorporating a diversity of natural materials into the built environment.

#### The BioMontage System

- Easy to install, two-piece frames that hold natural materials on walls.
- Quick and easy changes of natural material inserts and infinite design possibilities.
- BioMontage requires no light, maintenance or water.

#### **Original Natural Inserts**

- Preserved Reindeer Moss Panels in three popular colors.
- Sustainable Poplar Bark Panels.
- Light Stone Panels in two natural colors.

#### **New Additions!**

- Preserved Pole Moss in Vivid Green color.
- Preserved Long Moss in Deep Green color.
- Upcycled Mangium Tree Branch Tiles.
- Upcycled Coconut Tree Bark.

#### WE INVITE YOU TO LEARN MORE BY ENJOYING THIS BROCHURE!

FLAMMABILITY TEST RESULTS	USA
Reindeer Moss Panels	ASTM E84, Class A

## **Natural Materials**

Lime Green Reindeer Moss

Medium Green Reindeer Moss

Forest Green Reindeer Moss

Our Reindeer Moss grows abundantly in vast Scandinavian forests and is harvested by hand in a way that ensures perfect renewal of the plant. The moss is preserved naturally and is 100% biodegradable and is also fire retardant. Reindeer moss is a very efficient acoustic modulator, making it a perfect biophilic design element in public places and offices.

**Prairie Brown Light Stone** 

**Mountain Grey Light Stone** 

Our Light Stone panels are made from a combination of natural stone and resin, which is lighter and more manageable than raw stone. These naturally attractive panels come in two finishes which complement any interior: Prairie Brown and Mountain Grey.

Sustainable Poplar Bark

Our sustainable Yellow Poplar tree bark comes from the Appalachian Hardwood Region of the U.S. The poplar wood is used for furniture production but the bark has limited practical uses. BioMontage helps prevent the bark from becoming waste. Our bark also has excellent acoustic properties.

Vivid Green Pole Moss

Harvested sustainably by hand in the forests of France, and preserved naturally, our Vivid Green Pole Moss presents a three dimensional, natural texture in a distinctive, long lasting color.

Deep Green Long Moss

Harvested in a natural, sustainable way in the forests of Turkey and preserved naturally, Long Moss is an elegant, cost-competitive alternative to Flat Moss. Long Moss holds its deep green color very effectively in virtually any interior environment.

**Upcycled Coconut Tree Bark** 

When the Coconut tree can no longer produce its famous fruit, the tree is harvested and used in building construction and furniture production. The "Coco Bark," has very few uses and is often discarded. We hand-craft the small pieces into beautiful natural panels that fit perfectly into our BioMontage system.

**Upcycled Mangium Tree Branches** 

The Mangium Tree is used primarily in furniture production. Branches are periodically cut from the tree and could easily become waste. We slice and trim the branches into small tiles, then combine the tiles to create a stunning natural mosaic which is an exciting new addition to the BioMontage range.

BioMontage

# RECONNECT WITH THE NATURAL WORLD

# **3 Frame Sizes**

12" x 24"

24" x 24"

48" x 24"

## **3 Frame Colors**

Solid Shine Black (SSBL)

Solid Shine White (SSWH)

Solid Shine Anthracite (SSAN)

## Easy to install and easy to change

Attach back frame to wall

Insert Panel

Attach Safety Clips

Snap on Front Frame

When mounted together, the frames are beautifully spaced with a variaty of natural finish options

For details on installation, please refer to the **BioMontage**<sup>®</sup> Installation Guide.

# Changing Natural Inserts is easy as 1, 2, 3

# BioMontage<sup>®</sup> Room Dividers

# One-sided or two sided Various options possible in case two-sided BioMontage Room Divider is being used Quick Connecto BioMontage Room Dividers can easily be connected to divide spaces permanently or just temporarily. BioMontage Room Dividers are on wheels or on leg levelers if these are required.

#### Choose any of these natural finishes and dimensions for your Room Divider

#### Insert Choices: 24" x 24"
